4th International Conference on Sustainability Education – ICSE 2022

September 9 and 10, 2022

Venue: SCOPE Convention Centre, New Delhi, India

Theme - **Building Connections and Partnerships for Sustainable Future**

The 4th International Conference on Sustainability Education (ICSE 2022) is being organized on 9th and 10th September 2022 in hybrid mode at SCOPE Complex, Jawaharlal Nehru Stadium Marg, Pragati Vihar, New Delhi by Mobius Foundation in partnership with some of the key environmental organizations. The theme for the conference is **'Building Connections and Partnerships for Sustainable Future'** with the aim to provide platform to work together, make connections and strengthen partnerships for a promising tomorrow. As rightly said by Helen Keller, "Alone we can do so little; together we can do so much." Let's stand in global solidarity and collaborate towards a happier, healthier, greener future.

The conference is expected to bring together around 300 participants physically (250 Indians + 50 Foreigners) and will be joined by thousands virtually from across the globe representing multi-disciplinary and diverse group of stakeholders. The event will be graced by distinguished dignitaries and speakers via 5 plenary sessions including inauguration and closing ceremony. There will be multiple thematic parallel sessions, contributed paper presentations and poster presentations and showcasing exhibitions, stalls, projects and activities.

Further details related of the conference will soon be updated on the website: <https://www.icse2019.org/index.php>

CIRCULAR ECONOMY

On 31st May 2022, Mobius Foundation signed a Memorandum of Understanding with Central Institute of Kokrajhar at CSIR Science Centre Lodhi Road, New Delhi.

The purpose and goal of this MOU is to undertake a circular economy and sustainability training, capacity-building, knowledge-sharing, and awareness programme for students, researchers, farmers, and growers, as well as professionals, entrepreneurs, and administrators.

The MoU was signed in the presence of Director IIT and CIT- Kokrajhar, Prof. Dr. T G Sitharam, Registrar CIT-K, Smt. Chaitali Brahma, Dean R&D- Dr Avik Mukherjee, CEO Mobius Foundation, Dr. Ram Boojh and Program Coordinator, Mr Shrawan Kumar.

PROJECT AAKAR

An Initiative by Mobius Foundation

The Mobius Foundation is expanding its project Aakar in four high Total fertility Rate (TFR) as districts of Uttar Pradesh (Bharaich, Shravasti, Balrampur, and Siddharthnagar). These areas have also been termed as aspirational districts by NITI Aayog. MF Team has received formal consent from health officials of 3 districts to start their ground activities in identified high priority blocks. We will receive consent letter from District Siddharthnagar very soon.

▲ Formal approval granted from CMO and health officials of Districts

HAPPY MOTHER'S DAY

GYAN ANANT VIDYALAYA

'Mother is the other name for God in the heart of everyone!'

Gyan Anant Vidyalaya celebrated Mother's Day with high spirits. The students irrespective of their age, culture and gender showcased the emotions for their mothers. Various colourful art and craft activities depicted their gratitude. They acknowledged the contribution and efforts of the mothers in their life. While thanking them for their unconditional love, students expressed their love by making beautiful cards and DIY gifts for their mothers. The emotions were clearly noticeable on the faces of the mothers after receiving the handmade tokens of appreciation. The occasion was zealously enjoyed by one and all.

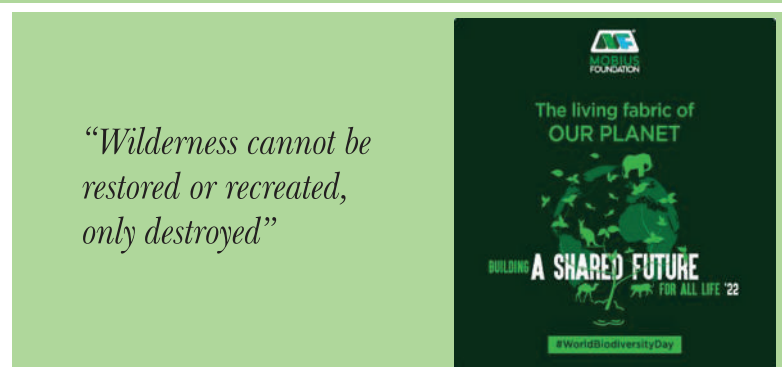

DIGITAL CAMPAIGN

BIODIVERSITY DAY

May 22 is celebrated as the International Day of Biodiversity every year. UNEP's Global Environment Outlook 4 recently stated that the species extinction rate is occurring at 100 times the natural rate emphasizing on the need of intra and inter-generational equity while keeping sustainable development at the core of its assessment.

Mobius Foundation participated in the initiative by UNEP and uploaded a series of posts for three alternative days, spreading awareness on protecting nature. Posts also delivered the ways people can contribute towards the protection of biodiversity like embracing meatless Mondays, being aware of energy consumption, doing mindful shopping etc. The posts called for pledge to transform our relationship with the natural world, safeguarding the wellbeing of other species as well as our own.
